

Re:Public

Empowering People.

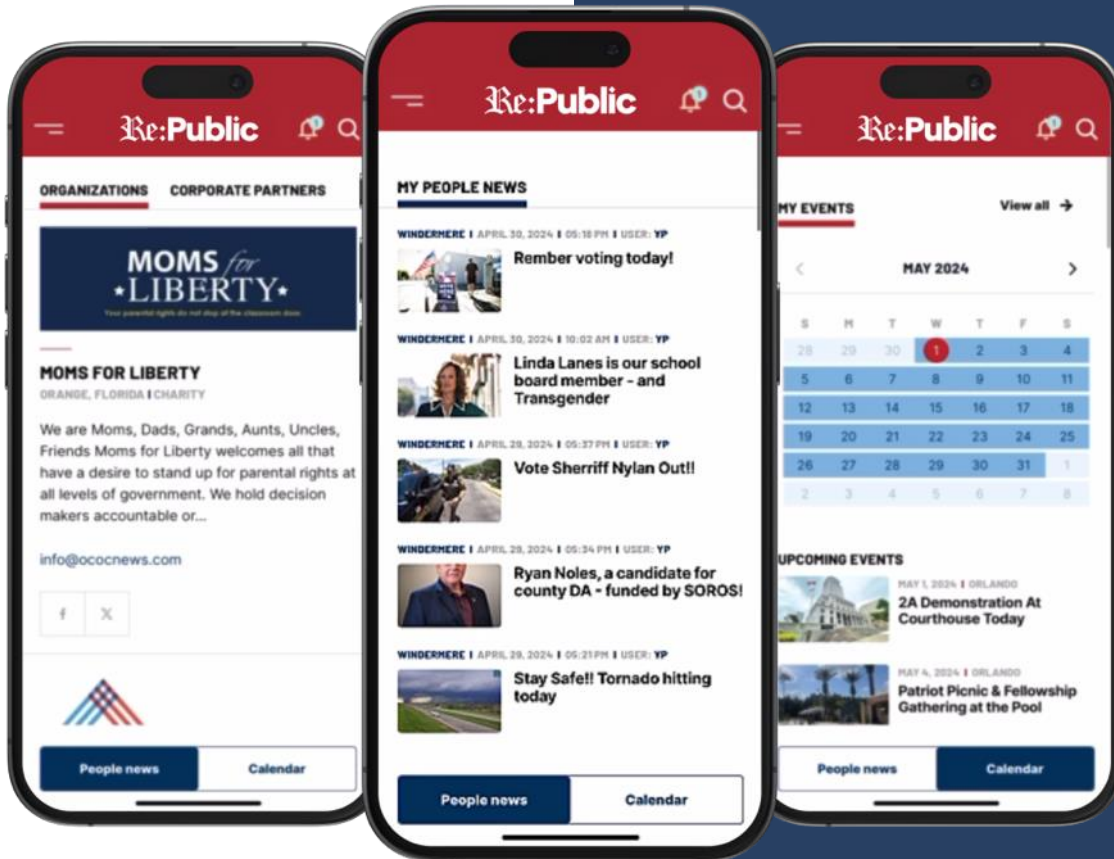

Re:

Impact:

- Spread the Gospel freely; The way the First Amendment intended.
- Reach a large number of your local population.
- God-willing, with His help, we can work together to save this nation.

“If my people who are called by My name, will humble themselves, and pray, and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land”

2nd Chronicles 7:14

Re:Public is a new kind of social media that gives faith-based organizations powerful tools to inform, organize, and act.

3 Pillars of Re:Public

Inform:

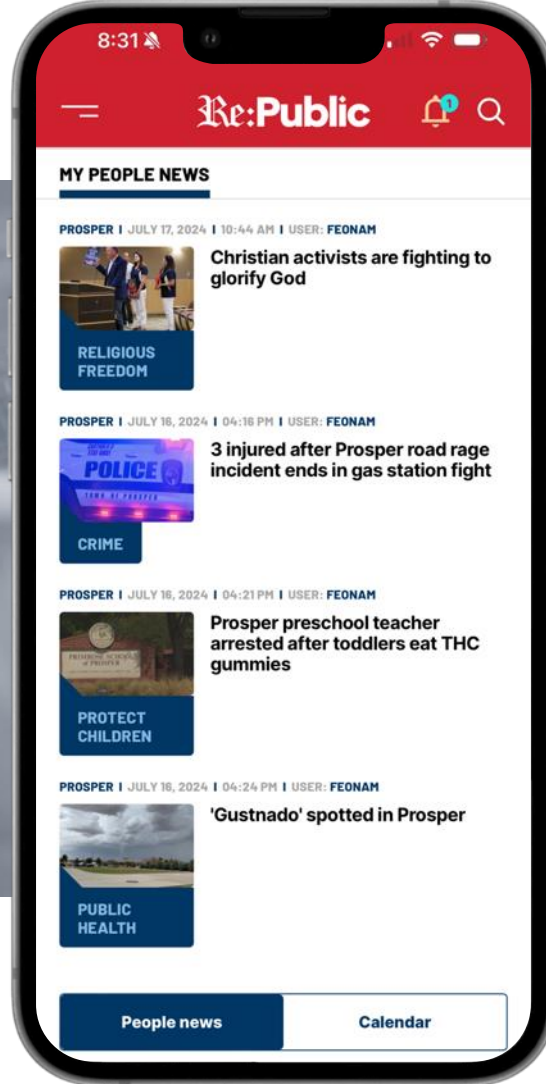

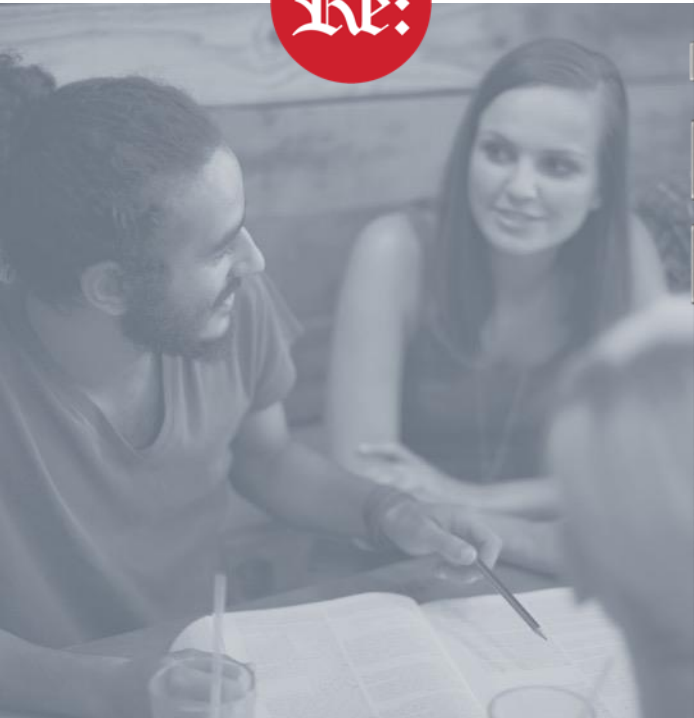

- Members can write *Articles*
- Anyone can read the articles for free.
- View and contact your representatives.

Organize:

- Members can create *Events*.
- A powerful tool to bring people together.
- Physical or Virtual *Events*.

Act:

- Members can create Local, Statewide, or National *Actions*.
- *Actions* bring you to the Organization's website.
- Power in numbers.

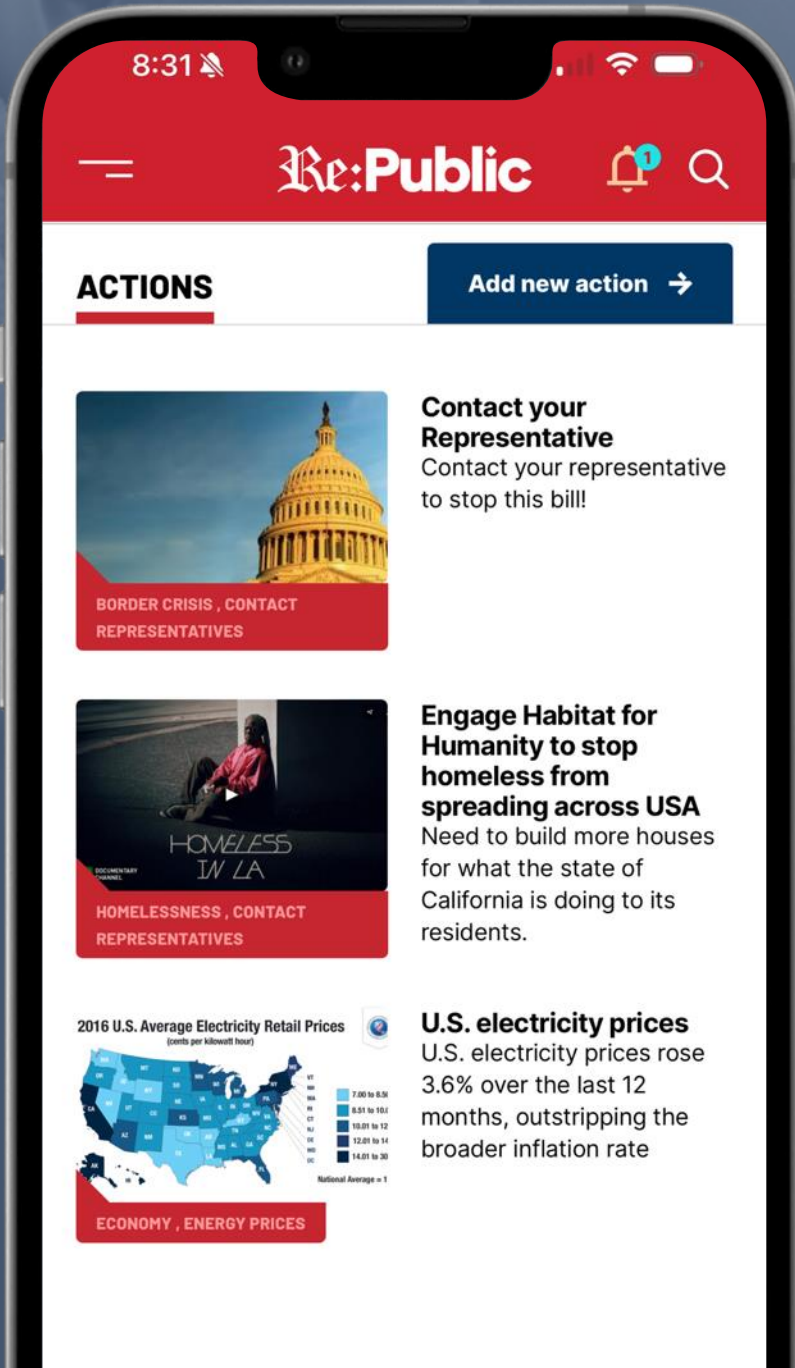

Re:Public is focused on local:

- Viewers enter their zip code and are fed information that is local to them.
- Local is the most important factor in our daily lives.
- Public safety, health, education, finances, family values, and voting are all local issues
- We are commanded to “Love your neighbor as yourself” (Mark 12:30-31).

Christians are called to act.

- Our involvement is crucial and also a Christian duty.
- Our conscience verifies that “To him who knows to do good and not do it, to him it is sin”. (James 4:17)
- Daily Actions on Re:Public can help create positive change and drive traffic to your website.

Benefits to Faith-Based Organizations:

Re:

- To spread the gospel.
- Reach a wide range of new people in their town/county.
- Drive traffic to their website.
- Get more members and church goers.
- Use the event calendar to invite the community to their church.
- Promote their events by writing articles about them.
- Create action items (get food donations, get volunteers, get funding...).
- Add their church website to our website on the local registry.
